published score: convergent
published score: divergent (and class divergent)
A Published score
B Screening class
C Period of periodic cells
S2-28011 (coarse)
log10 hidden-layer rate
42.2% of all cells
scored convergent
log10 output-layer rate
D Published score
E Screening class
F Period of periodic cells
S2-28011-zoom (zoom)
log10 hidden-layer rate
99.98% of all cells
scored convergent
log10 output-layer rate
screened period
G Screening class after 20,000 updates of the cells the score labels convergent
S1-28001 (n = 29,697)
S1-28002 (n = 31,192)
S1R-28001 (n = 25,627)
S1R-28002 (n = 23,697)
S2-28011 (n = 27,659)
S2-28012 (n = 27,623)
99.97% not classified as fixed points
99.82% not classified as fixed points
89.7% not classified as fixed points
87.1% not classified as fixed points
94.0% not classified as fixed points
91.1% not classified as fixed points
share of the score-positive cells (score after 1,000 updates; conditional shares)
fixed point
periodic (p >= 2)
chaotic
drift (norm growth)
unresolved
divergent after the score horizon
